

Findings from the Middlesex University project

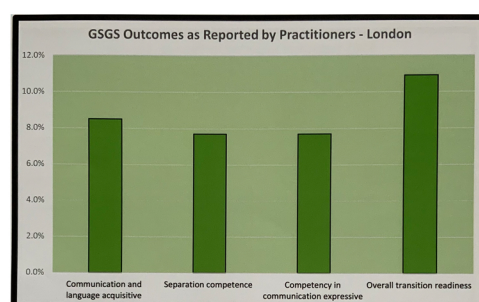

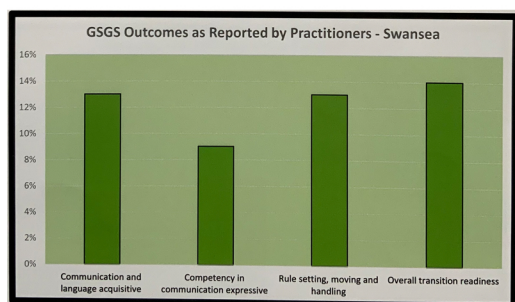

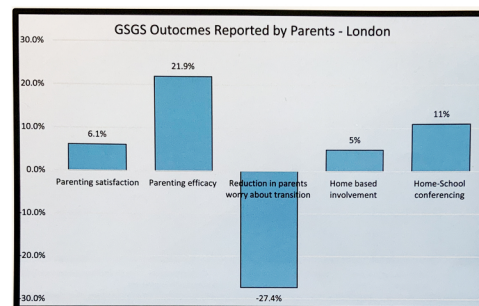

During 2016 to 2019 Good Start Great Start was rolled out as a pilot across the UK with the support of Middlesex University. During this project the programme was formally evaluated and samples of findings can be seen below.

Swansea

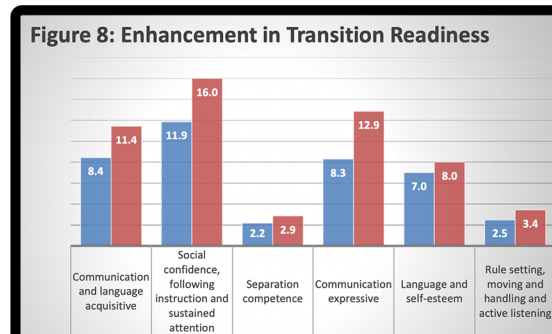

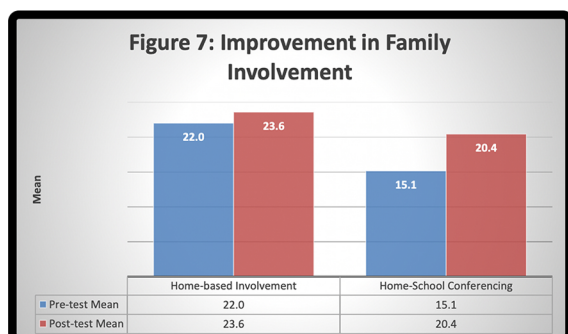

with

London

A sample of findings from a London school which was one of the most recent sites to run the programme

Today Good Start Great Start continues to develop and grow and continues to be offered to families in a growing number of early years settings and schools.
